# About us

A company dedicated to providing seamless logistics to both local and international companies onshore and offshore.

# About us

Feb & May Integrated Concept Limited was incorporated in 2014 with registration number (RC NO: 1223190) and has experienced unprecedented growth in the Nigerian business industry. The company is an independent company, which was formed and owned 100% by Nigerians.

With the objective of providing products, equipment, and materials to various customers within and outside Nigeria; specifically targeting leading independent and licensed product/service companies.

Since the Company's inception, the Company has attained the status of being the supplier of choice, due to the continuous effort to supply high quality products at low cost coupled with highly reliable service.

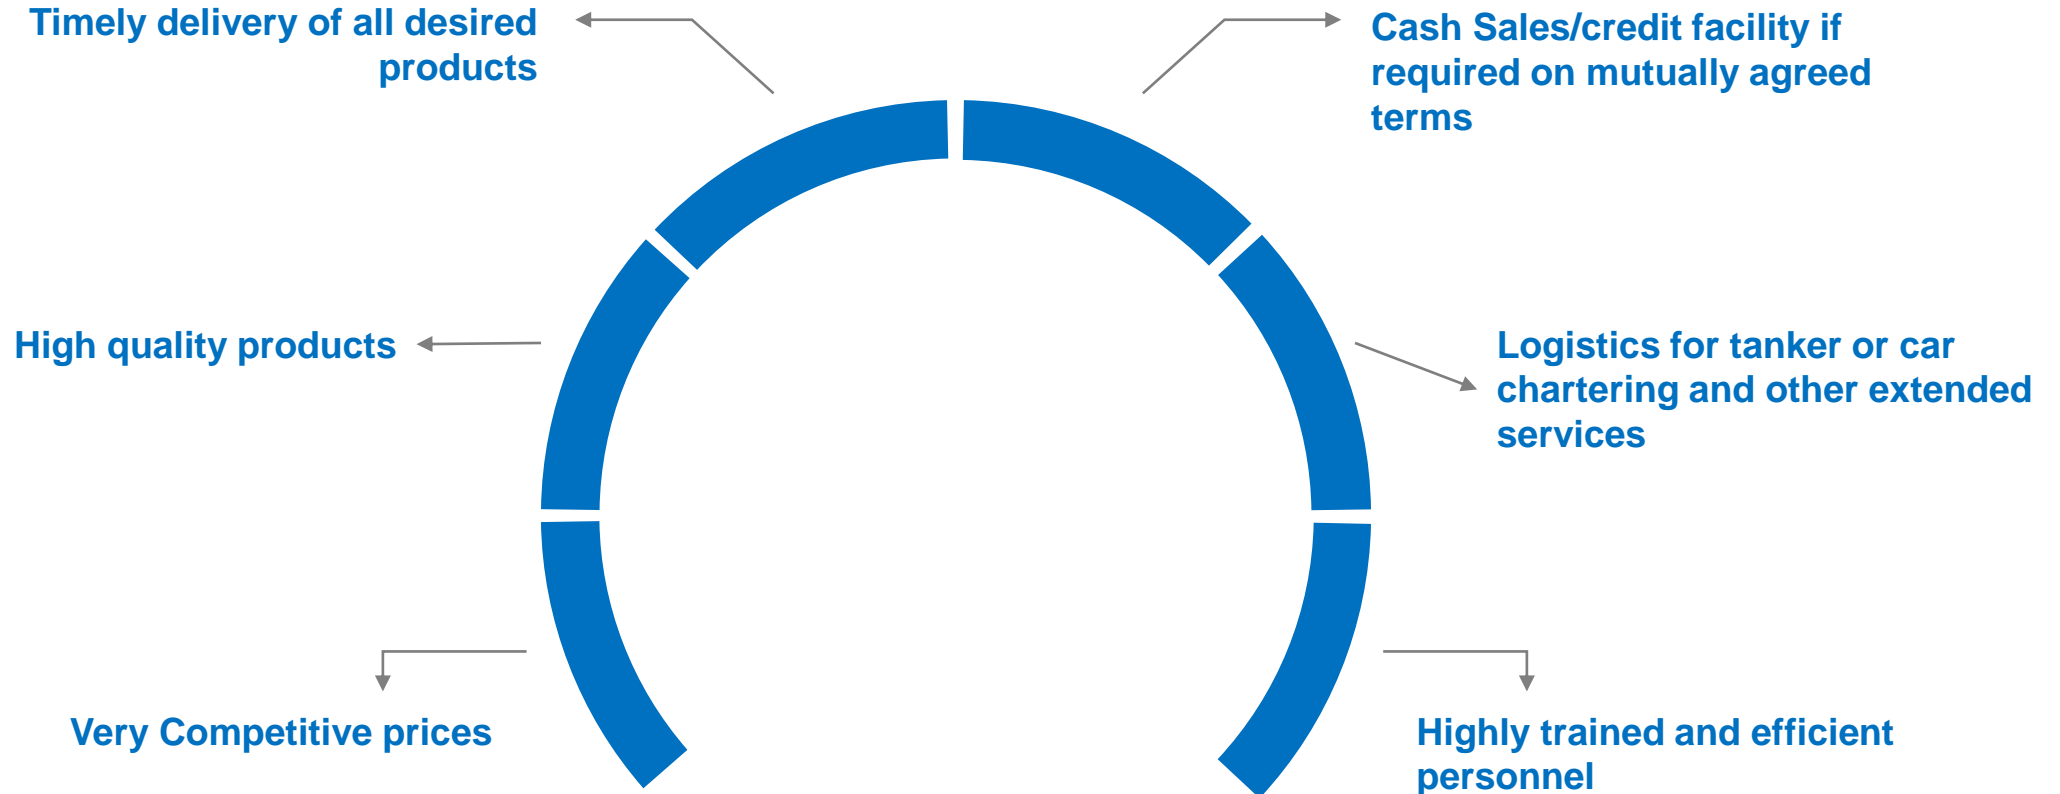

Unlike most of the suppliers, Feb & May Integrated Concept Ltd. utilizes multiple warehouses at any given time.

This philosophy allows the Company to provide low cost products and service and ensure continuity of supply to its current and prospective customers.

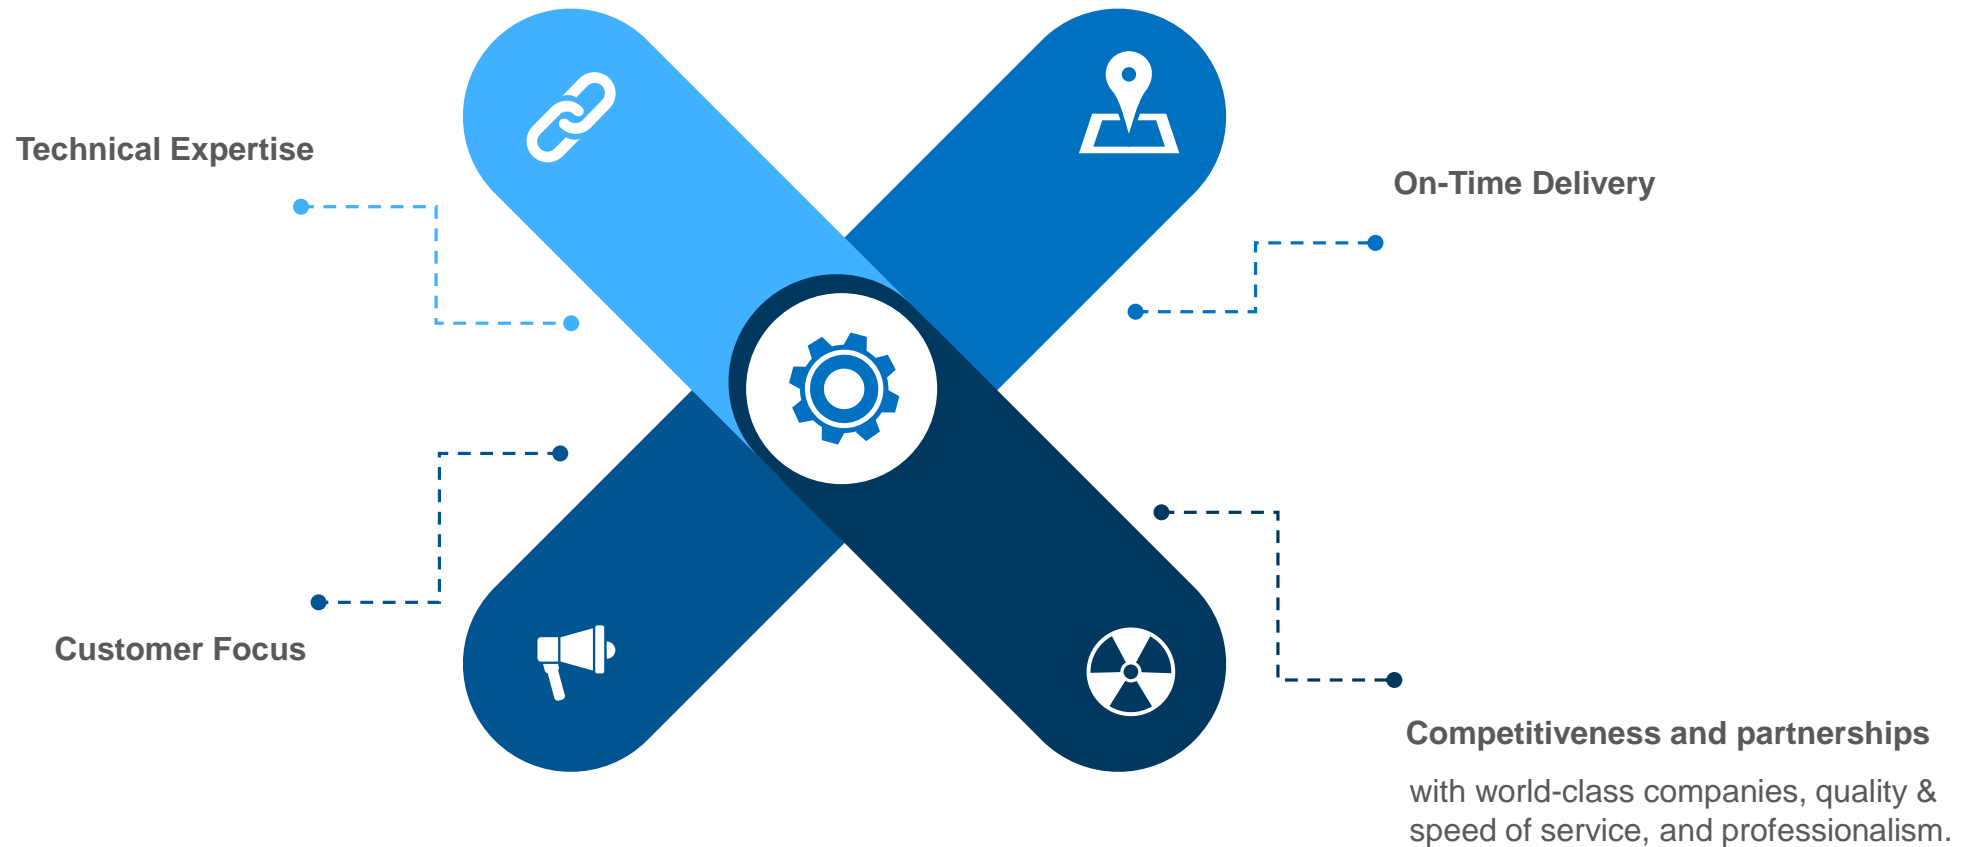

As a company, our priority are:

# Why we are different!

To differentiate ourselves from others, we emphasize our

# More on us

The company has turnkey capabilities through expert network of strategic foreign technical partners.

We also have established affiliations with reputable Original Equipment Manufacturers (OEMs), thereby ensuring that all our products, materials and equipment are sourced directly from our network of licensed manufacturers.

We understand the complexities and issues facing the industry, and our extensive experience together with strong grounding in the Nigerian culture and ways of conducting business mean we understand firsthand the many complex business issues, and are able to respond more quickly to ongoing requirements. We have quick access to international markets via our geographical spread and technology, together with access to international lines of credit.

With our vast experience cutting across several facets of the Nigerian industries, together with affiliations with a number of reputable foreign companies.

Feb & May Integrated Concept Ltd. has the reach and means to deliver high quality products and services cost effectively and on-time to point of need.

The background image shows a vast outdoor storage yard for shipping containers. In the foreground, there's a dark asphalt road with white dashed lines. Beyond the road, numerous stacks of intermodal containers in various colors (blue, red, yellow, green) are arranged in rows. In the distance, a few trucks are parked. The sky is bright blue with wispy white clouds, and a commercial airplane is visible in the upper left quadrant, flying towards the right.

# Technology

Feb & May Integrated Concept Ltd has placed a technology development module/ program, which keep us abreast of the latest technology applicable in our areas of interest.

This is done with constant review with various technical partners around the world on project-by-project basis.

# Finance

Due to our articulate analysis of data gathered for our business plan, Feb & May Integrated Concept Ltd is exploring various funding options from which contract would be adequately provided for.

This ensures completion and continuity of purpose of which the contract was initiated. We look at the business viability of projects and evaluate the best approach for maximizing utility.

The background image shows a vast container yard filled with stacks of multi-colored shipping containers (blue, red, yellow, and grey). In the distance, several trucks are parked. The sky is bright blue with wispy white clouds, and a commercial airplane is visible in flight near the sun, which creates a lens flare effect.

# Meet The Team

A management team with vast experience in the Maritime Logistics, Consultancy and Security Industry.

# About the Team

**Management, administrative and technical personnel at Feb & May Integrated Concept Ltd have vast years of combined experience in project development and management.**

Our people have developed, supervised and implemented various integrated solutions from maritime operations, maritime logistics, large departmental stores trading/management, petroleum products supplies, communications projects, to general contract at local and international levels.

Combined with development of management skill in form of trainings, seminars, and conferences, we continue to seek and acquire new technology as related to any sector of interest.

## CEO /

### *Rear Admiral* **STANLEY EHIJE OGBOIGBE (Rtd)**

Rear Admiral Ogboigbe has been in the Nigerian Navy for the past 35 years and rose through the ranks to the exalted position of a Rear Admiral. He has virtually all the most important positions in the Nigerian Navy within and outside the Country.

He has also attended numerous training programs within and outside the Country during which he obtained Fellow Defense College, MSc. Strategic Studies, Passed Staff College (PSC+), Post Graduate Certificate, Public Administration, National Diploma, Air Traffic Service, and won several academic laurels among which are: Best Naval Student, Course 17 Armed Forces Command and Staff College, Teshi, Ghana; Most articulate student and best contributor to Central and Syndicate Discussion, Armed Forces Command and Staff College, Teshi, Ghana; Silver Eagle award for invaluable contributions as Directing Staff at the Command and Staff College Nigeria and passes Staff College Dagger (PSC+), 1998.

As an Officer and a Gentleman, he was decorated with Forces Service Star (FSS); Meritorious Service Star (MSS); Distinguished Service Star (DSS); General Service Star (GSS); ECOMOG Medal; Nigerian Silver Jubilee and Nigerian Navy Golden Jubilee. His wealth of experience which traverses all facets of Military Service eminently qualifies him as the C.E.O. of Feb & May.

## **IGNATIUS AIGBOKHADE - Executive Director Finance & Admin**

Mr. Aigbokhade is an astute business manager and financial analyst with a vast wealth of experience. He has a degree in Industrial Chemistry from the old Bendel State University now Ambrose Alli University, Ekpoma, Edo State.

He also has an MBA from the same institution. He has worked in both Government and private sector. These include National Youth Service Corps (N.Y.S.C.), Setraco, Societe Generale Bank, Bank PHB and Fidelity Bank.

## **MAJOR OKHAI ADEMOKHAI (RTD) Head Operations & Intelligence**

Major Ademokhai is a graduate of Law from the University of Lagos, and attended the Nigerian Defense Academy Cadet Training to kick start his military training.

He has also attended several training courses both within and outside the shores of the country and worked as a security consultant in South Africa before joining the Feb & May team.

## **ENGR. AMBROSE JIBUNOH Head Tech Support**

Mr. Jibunoh holds a Bachelor's Degree (B.Sc) in Business Administration from the Edo State University, Ekpoma, and an Engineering Diploma in Electrical/Electronic Engineering from Auchi Polytechnic.

Prior to joining the company, he has had six years working experience as Maintenance Engineer at NDPC Benin City, and later as Head of Procurement & Installation unit of Costain West Africa.

He also headed and steered several privately owned companies towards the path of success.

A high-angle photograph of a worker in a warehouse. The worker is wearing a white t-shirt, a bright orange hard hat, and a black safety harness. They are standing on a grey concrete floor, looking down at a wooden pallet. The pallet has several cardboard boxes on it, including a large white box and a smaller yellow box. In the background, there are more wooden pallets and stacks of cardboard boxes. A blue semi-transparent banner is overlaid across the middle of the image, containing the text 'Contact us' and 'We're waiting to hear from you.'
